Garner For Senate.

The Anvil Herald nominates Hon. John N. Garner for United States Senator to succeed Senator J. W. Bailey.

Hondo Anvil Herald.

Second the motion.
 So does the whole Southwest.
 And why?

Because "our John" has been "faithful in all things" and should be made "ruler over many things."

Because "our John," more than any other National representative, (with the exception of the brilliant leader whom we want him to succeed) has advanced and exploited the matchless Lone Star State.

Because he is safe, sound and sensible and does things while the nation wonders.

Because he is honest.

Because he is earnest.

Because he is true as steel.

Because his influence is a powerful factor at Washington.

Because Texas owes him a debt of gratitude and this would be a graceful recognition of his valuable services.
 But (with a big B) here again comes the trouble. North and North-East Texas, where all things that crawl or creep have a vote and where the prohibition craze dominates all public questions, will put out somebody (it don't matter to them what his qualifications so long as he wears the dry badge) and they have the votes with which to "rub it in" (to use slang parlance) and shade a Southwest candidate.

It is a travesty on Texas political aspirations that all questions must be subordinated to a sentiment and that the general industrial and commercial advancement of this great commonwealth must be made a secondary consideration.

However, as it is well known that "our John" is very conservative on the liquor question and is in himself a standing illustration of temperance and sobriety it is hoped that the press of the state will champion his candidacy on the grounds of efficiency, rectitude and ability.—West Texas News.

THE death of ex-Senator R. Q. Mills removes one of Texas's Grand Old Men. Too noble and high-minded to bend to the popular whim, he suffered political martyrdom at the hands of a people that revere him for his unsullied honor.—Hondo Anvil Herald. Yes; a selfish, heartless people, who crucified him in life for opinion's sake, and deified him in death.—Texas Republic.

New Country Resort.

San Antonio, Tex., Sept. 2.—A new country resort is to be established near San Antonio. It will be located on either side of the Medina River between the main dam and the diversion dam, four miles below. This is part of the Pearson project in connection with the great irrigation enterprise he now has on there. The company owns a strip 1,500 feet wide on each side of the canyon. Water at the diversion dam will be sixty feet deep and will back up to the depth of about twenty feet at the base of the main dam. A purchase of a lot will carry with it hunting, fishing and boating privileges. Within a few weeks now work will be begun on a fine automobile road between San Antonio and Pearsall and this will be eventually extended to the dam site. It is announced that the actual work of laying masonry will be begun within thirty days.

C. H. Kearney, one of the principal engineers of Dr. Pearson, is now in the city inspecting the project. From here he will go to Spain, where Dr. Pearson has on foot a project to supply Barcelona with water, light and power and to irrigate many thousands of acres of land. This will involve the expenditure of \$25,000,000. It is also Dr. Pearson's intention to enlarge the power plants controlled by him which supply light and power to Rio Janeiro, Brazil. From Spain Mr. Kearney will go to Brazil to look after that work.

A Great Advantage to Working Men

J. A. Maple, 125 S. 7th St., Steubenville, O., says: "For years I suffered from weak kidneys and a severe bladder trouble. I learned of Foley Kidney Pills and their wonderful cures so I began taking them and sure enough I had as good results as any I heard about. My backache left me and to one of my business, expressman, that alone is a great advantage. My kidneys acted free and normal, and that saved me a lot of misery. It is now a pleasure to work where it used to be a misery. Foley Kidney Pills have cured me and have my highest praise." Willmann & Martin.

A woman's idea of a social rival is another woman who wears better clothes than she does.

How Disease Starts.

Nine times out of ten chronic diseases like rheumatism, kidney trouble, heart disease, skin disease, etc., start with a disorder of the stomach or bowels. To cure constipation, liver trouble, indigestion, sour stomach, heartburn, etc., take Dr. Caldwell's Syrup Pepsin, which cures and prevents these diseases. It is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by all dealers at 50c and \$1 a bottle.

Next to a woman the most changeable thing on earth is another woman.

Diarrhoea is always more or less prevalent during September. Be prepared for it. Chamberlain's Colic, Cholera and Diarrhoea Remedy is prompt and effectual. It can always be depended upon and is pleasant to take. For sale by all dealers.

Nothing takes the starch out of a stuck-up girl like an unexpected kiss.

They Are All Pleased.

"By experience I have found your Hunt's Lightning Oil to be a great pain and sprain reliever. I am very much pleased with it." C. C. COOK, Hallettsville, Texas.

25c and 50c bottles.

"Cardui Cured Me"

For nearly ten years, at different times, Mrs. Mary Jinks of Treadway, Tenn., suffered with womanly troubles. She says: "At last, I took down and thought I would die. I could not sleep. I couldn't eat. I had pains all over. The doctors gave me up. I read that Cardui had helped so many, and I began to take it, and it cured me. Cardui saved my life! Now, I can do anything."

TAKE The CARDUI Woman's Tonic

If you are weak, tired, worn-out, or suffer from any of the pains peculiar to weak women, such as headache, backache, dragging-down feelings, pains in arm, side, hip or limbs, and other symptoms of womanly trouble, you should try Cardui, the woman's tonic. Prepared from perfectly harmless, vegetable ingredients, Cardui is the best remedy for you to use, as it can do you nothing but good. It contains no dangerous drugs. It has no bad after-effects. Ask your druggist. He sells and recommends Cardui.

No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

Died.

Maria, the youngest daughter of Mr. and Mrs. Bernaldo Herrada of this place, died at her home after a lingering illness, on Friday morning, September 15, 1911, and was laid to rest at the Catholic Cemetery during a Requiem Mass on Saturday morning. Rev. Father Heckmann performed the obsequies. Deceased was born at Castroville on January 29, 1895, consequently was in her seventeenth year of age at the time of her demise. Maria was an esteemed member of the Young Ladies Sodality of Castroville, who attended the funeral in a body. Besides her grief-stricken parents deceased leaves four brothers, and two or three sisters and other near and dear relatives to mourn her untimely demise.

We join in sympathy with the bereaved family. R. I. P.
Castroville, Sept. 18, 1911.

The Texas Dollar.

The Texas born dollar, taken from the soil and from the bowels of the earth, is the most honest dollar in circulation and has more prosperity in it than any other form of legal tender. It spends the week days at the markets and goes to church on Sunday and has few bad habits. It builds our homes, churches and school houses and when these tasks are completed its love for the fireside leads it to prefer doing chores for the family rather than embark in the gigantic enterprises of the 20th century civilization.

It takes special delight in buying the baby a new dress; providing ease and comfort for the home and taking the family on a summer vacation. It is timid and clannish. It will shy at a railroad or a factory like a young colt at a locomotive. As a rule it avoids foreign company and seeks select companions; it travels only in well trodden paths and when it wanders in new fields it soon becomes frightened at the strange sights and goes scampering to the land of its birth.

Along with the noble traits of character, it has inherited some of the frailties of human nature, and one of the most pronounced is idleness. We have \$273,000,000 on deposit in our banks, some of our specie hides in tin cans buried in the back yards and occasionally a roll of bills is snugly tucked away in the hosiery of the family; the idle dollar seldom moves except to run from the tax assessor. Then we have dollars which are inclined to wander; probably \$100,000 per day leaves the State seeking foreign investments, but like the prodigal son, they usually return after having sown their wild oats and they come home to us broken in spirit, subdued in courage and other evidences of a miss-spent life and in some instances bring with them a severe case of hook worm. In any event they are too cautious to step outside the bank vault. Many a dollar is now chained to foreign investments that is sadly singing home, sweet home.

The Texas dollar can never develop Texas. The volume is entirely too small and it lacks courage. But with all its faults we love it still and the Texas dollar is a welcomed guest wherever and whenever it appears.

A Hopeful Message to Scalp Sufferers and Men Whose Hair is Thinning

Dandruff now—bald later. The same is true of scalp diseases. In fact, baldness is a scalp disease. The trouble with the greasy salves and lotions, the so-called dandruff and scalp cures you have tried so far is that they don't do anything but temporarily relieve the itching and make the dandruff so it does not fall until it's dried out again. Nothing can cure—really cure such troubles but a real scalp medicine that will kill the germs causing dandruff and scalp disease.

Learning from leading fellow druggists throughout America that they had found a whirlwind cure for dandruff, eczema and all diseases of the skin and scalp, the Windrow drug store, on proving to the laboratories compounding the treatment that it is the most prominent drug store in this city, secured the agency for the remedy. This remedy is ZEMO, the clean, liquid preparation that kills the germ of disease and ZEMO SOAP to wash the scalp or skin clear and clean of the dandruff or scale and by its antiseptic qualities soothe and heal.

Sold and guaranteed by druggists everywhere and in Hondo by W. H. Windrow.

Forgiven!

We can even take a charitable view of the time taken daily by the typewriter girl for the arrangement of her hair. Her fingers are congested by the work of writing, and tired by contact with the hard keys of her machine; and the different feeling of her hair, and the little plays and movements of her fingers in adjusting it, are a distinct stimulation and relief.—Paul W. Goldsby, in the Atlantic.

Apply a cotton cloth wet with BAL-LARD'S SNOW LINIMENT to all wounds, cuts, burns, sore or blisters, and note its wonderful healing power. It is prompt and very effective. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

An Explanation.

"And why, Tommy, do you suppose Diogenes was so anxious to find an honest man?" "Pa says he probably wanted to sell him a gold brick."

New and Good Word.

To designate the handling of a piece of work by machinery the word "mechanipulate" has been coined.

A fool and his money remind one of a bald man and his hair.

TRUTHFUL ADVERTISING THE BASIS OF SUCCESS.

Since the Ingredients Entering Peruna Are Known, Its Power as a Catarrh Remedy and Tonic is Understood.

COLUMBUS, OHIO.—The active ingredients entering the most popular household remedy in the world have been made known to the public. This means a new era in the advertising of popular family medicines—Peruna leads.

Peruna contains among other things, golden seal, powerful in its effect upon the mucous membranes. Cedron seed, a rare medicine and unsurpassed tonic. Cubebs, valuable in nasal catarrh and affections of the kidneys and bladder. Stone root, valuable for the nerves, mucous membranes as well as in dropsy and indigestion.

A Morning Reminder.

You awake with a mean, nasty taste in the mouth, which reminds you that your stomach is in a bad condition. It should also remind you that there is nothing so good for a disordered stomach as Chamberlain's Stomach and Liver Tablets.

They build up the system, assist nature to restore natural conditions, and are so gentle in their action that one hardly realizes a medicine was taken. Chamberlain's Tablets are sold everywhere. Price 25c.

ARRANMORE.

ARRANMORE, loved Arranmore,
How oft I dream of thee
And of those days when by thy
shore
I wandered young and free!
At sunny morn I've stood
Through pleasure's flowery maze,
But ne'er could find the bliss again
I felt in those sweet days.

How blithe upon the breezy cliffs
At sunny morn I've stood
With heart as bounding as the skiffs
That danced along the flood
Or when the western wave grew bright
With daylight's parting wing
Have sought that Eden in its light
Which dreaming poets sing—

That Eden where the immortal brave
Dwell in a land serene,
Whose bowers beyond the shining wave
At sunset oft are seen!
Ah, dream too full of sudden truth!
Those mansions o'er the main
Are like the hopes I built in youth—
As sunny and as vain!

—Thomas Moore.

COME to the Carnival and Jubilee!

ONCE a friend always a friend,
if a real friend.

No, Miss Expectancy; the
Anvil Herald never hits a man
when his back is turned if we
know it; we are not built that
way.

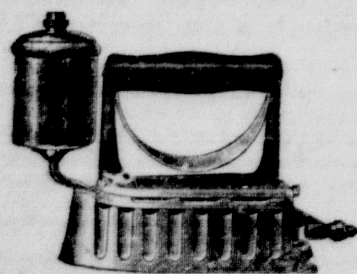

The Anvil Herald nominates
Hon. John N. Garner for United
States Senator to succeed Sen-
ator J. W. Bailey. —Hondo Anvil
Herald. We second the nomina-
tion.—Crystal City Chronicle.

WE would second Hondo Davis'
nomination of John Garner for
the senate, vice Bailey, if John
looked the part—he has all of
the other qualifications.—Eagle
Pass News-Guide. It is posi-
tively cruel for a man who looks
like Bryan to talk like that!

OWING to a rush of advertising
and job work and a desire to get
the paper out early, so that the
printers may get a little enjoy-
ment out of the Jubilee, our
paper is not up to its usual
standard this week. We are
sure our readers will overlook
the deficiencies of a single issue.

HONDO is preparing for a big
carnival the last three days of
this week and, with that idea,
College Square has been con-
verted into an amusement park.
Among other things there will
be a trades display and prizes
for the best exhibits of live stock.
Hondo is one of the live towns of
Southwest Texas.—San Antonio
Express.

Iron without Fire

You heat the iron—not the stove. Iron in a
cool kitchen, on the back porch, or in the shade
of a tree. No changing of irons or handles. No
stuffing the stove with fuel. No tiresome trot-
ting to and fro. Down in the body of your iron
150 little holes in the feed pipe are shooting out
150 darts of flame. These keep the iron hot—
you keep cool. The improved

MONITOR SAD IRON

changes ironing day drudgery to pleasure. Saves money, time, strength, worry
and health. Ordinary ironing costs only 1c for fuel. Pays for itself four
times over each year. Used in over 350,000 homes. One woman writes:
"Worth its weight in gold." Made of finest material, handsomely nickel plat-
ed. Guaranteed to work properly if operated according to instructions. Dem-
onstrations cheerfully made in your own home. Used with care will last for years

Calomel is Dangerous

Is a Powerful Chemical Made from
Mercury—People Should be Careful

The only sure way to avoid the dan-
ger of calomel is to take no calomel.

Dodson's Liver-Tone, a vegetable
liquid of pleasant taste, more than
takes its place. Where calomel shakes
you up and shocks your liver, Dodson's
Liver-Tone, mild but effective, builds
up and strengthens. It "liven's up the
liver."

It may be taken without any restric-
tion of diet or habits. You can give
it to your children with fine results.

Get a bottle at W. H. Windrow's and
if it doesn't do all that you think it
ought—if it doesn't make bilious spells
mere trifles—if it doesn't "liven up
your liver," your money will be wait-
ing for you.

Go By the Name.

The way to buy paint is to go by the
name. There is a name never seen on
sham paint or weak paint or short-
measure paint: Devoe.

There are a hundred different names
in paint. Some are sham; some weak;
some short-measure; and some all
three.

If there is another such paint as De-
voe lead-and-zinc, we don't know it.
There are a few fairly good paints; a
few; only one Devoe. A gallon Devoe
is worth a gallon-and-a-half of those
few.

Mr. Aaron Higgins, of Plainfield, N.
J. always used 15 gallons of mixed
paint for his house. Last spring he
bought 15 gallons of Devoe and had 4
gallons left.

A Dam Fishing Party.

A party consisting of Mr. and Mrs.
T. H. Carson and family, Mr. and
Mrs. Lumadu and family, Dr. and Mrs.
J. H. Fletcher; Messrs. Bob Carson,
Jimmie Martin, Bill Patterson, Clare
Clemonds, Poes Bailey and the scribe
spent Sunday up the river picnicing
and fishing. An abundance of the
finny tribe were taken in and cremated
on the spot. Clare Clemonds carried
off all the honors for the big catch,
landing a 6-pounder (by guess—all
good guessers being barred). The party
returned to the dam after dark, all
tired, but declared themselves ready
to take another trip soon.

J. G. Karm and family entertained a party of friends at a barbecue at their home last Sunday. A goat was roasted and served to the assembled guests along with the usual accompaniments, including a keg of San Antonio's best brew. All had an enjoyable time. The personnel of the party was as follows: Mr. and Mrs. J. G. Karm and family, Aug. Kempf and family, George Leinweber and family, Henry Hartmann and family, Charles Senne and family, Albert Burell and family and M. S. Koch and family.

J. W. Galbreath has just pulled off another one of his clever detective stunts. About twenty years ago a man named Charles Favro was convicted and sent to the pen from here on the charge of horse theft. After serving out his time he returned to this county. About two years ago he was indicted for perjury in a case growing out of a Justice Court trial for disturbing the peace and was released under a \$500 bond with Joe Keller and Willie Kinn as sureties. This bond was jumped and it looked for some time like the bondsmen would have to pay it, but Mr. Galbreath recently located the man in McIntosh County, Oklahoma, where he has been living under the name of Wm. M. o e But Favro, alias Moore, will not be made to appear here as he has just recently been convicted there of murder in the first degree for having killed a man named Earnest under the cruellest of circumstances and will probably hang for his crime.

KEEP COOL

NOTHING creates heat so readily and effectually as indulging in the habit of worrying, and it is a physical impossibility for one to forego the "habit" when he is dissatisfied with weights, measures and prices of goods, as well as quality. Do your trading at our store and avoid the heat.

Keep in mind the fact that we are selling everything that goes in a first-class General Merchandise store, and selling it at the lowest prices. Give us a trial.

On Saturday last the editor in company with Mr. Freddie Carle made a visit to the farm of Mr. Charles Nehr about 2 miles south of town. Mr. Carle measured his onion patch and found it to be 271x72 feet and on this amount of ground Mr. Nehr raised at least 3000 lbs. of fine onions of the Bermuda and Australia varieties. This was accomplished without any irrigation whatever and shows what can be done in the truck farming line when proper methods are followed. Mr. Nehr received 2 1/2 cents per pound for his entire crop.

Webb, dated August 2nd, 1866, conveying Certificate No. 58, Class 2nd, issued by the Board of Land Commissioners of Victoria County, for 1280 acres to the said Webb, as agent for Ellen O'Donovan, and the heirs of Joice O'Donovan, which said deed is of record in the Deed Records of Medina County, Texas, in Book A., No. 24, on pages 372 and 373. Deed from

J. M. Carnes, as Attorney in fact for D. F. Webb, to T. J. Johnson, dated September 1st, 1891, conveying the above described land, which said deed is of record in the Deed Records of Medina County, Texas, in Book A., No. 24, on pages 374 and 375. Johnson, dated February 22nd, 1891, conveying the above described land, which said deed is of record in the Deed Records of Medina County, Texas, in Book A., No. 25, on pages 213 and 214; and a deed from T. J. Johnson and wife, M. E. Johnson, to this plaintiff, dated May 7, 1895, conveying the above described land, which said deed is of record in the Deed Records of Medina County, Texas, in Book A., No. 27, on page 488.

Plaintiff further alleges and claims that he has good and perfect title to said land and premises, under and by virtue of the Statute of limitation of three years, for the reason that plaintiff, and those under whom he claims by conveyance, have had peaceable and adverse possession thereof under title or color of title, for more than three years prior to the institution of this suit.

Plaintiff further alleges and claims that he has a good and perfect title to said land and premises under and by virtue of the Statute of Limitation of ten years, for the reason that plaintiff, and those under whom he claims, have had peaceable and adverse possession of said land and premises, cultivating, using and enjoying the same for more than ten years prior to the institution of this suit.

Plaintiff brings this suit for the purpose of determining the estate and interest, if any, of each and all of the Heirs of the said Joice O'Donovan, Ellen O'Donovan, the defendants in, in and to said land; and that Court may grant the title to said land and premises unto plaintiff free and any and all claim or claims or pretended claims of said defendants or any claiming under them so as to settle the decree of Court the title to said land and to remove all cloud therefrom.

Wherefore, plaintiff prays that the defendants, the names and places of residence of whom are unknown to plaintiff, be cited by publication as prescribed by the statutes of this State, and that upon a final hearing that plaintiff have judgment and decree of Court, declaring and adjudicating title to the above described land and premises to be in plaintiff free of and all claims in favor of said defendants or any of them, or of any claiming under them and for such and further relief, general or special, legal or equitable, to which plaintiff may be justly entitled.

Another and the third national victory for FLANDERS "20" within a month. This time a clean sweep in America's hill climbing classic. The THREE speed FLANDERS "20" won event in her class Saturday at Worcester, Mass. climbing Dead Horse Hill in 1 minute 18.85 seconds, breaking all previous records for her class by 46 seconds, and defeating second car in her class by 37 seconds. She also beat records made by the following high powered and higher priced cars in other classes. Velie Buick Cole, Hudson, Firestone, Oakland, Cameron, Krit and Empire.

FLANDERS "20" was the lowest priced car in the contest. Dead Horse Hill is one mile long with a rise of over 400 feet to the mile. Newspaper accounts say course was slow because of bad surface and one very bad spot near finish line.

FLANDERS time better than time made in 1909 by any car less than three times her price. And faster than time made last year by any car but one of three times her size and price. She averaged a little over 46 miles an hour up to the eight per cent grade. Strictly stock chassis. Event run under A.A.A. rules and supervision. FLANDERS "20" was sensation of the sixty and seventy horse power cars barely beating her phenomenal performance.

Sending you photograph of WITT in victorious FLANDERS on the hill.

She has now only to win the three hundred mile Savanna Road Race to prove her invincibility in speed as she proved her reliability in the Little Glidden; her staying powers in Minneapolis, to Helena Montana reliability run, and her hill climbing qualities on Dead Horse Hill. Watch the little wonder at Savanna.

Bits of Help.

A bit of a smile in the morning bright
From Joe
Made glad one heart till the sweet "Good
night!"
I know.
A bit of thought on what was right
By Dan
Made him from a careless, thoughtless boy
A man.
A bit of a song, sung while at work.
By Ray
Chased many an ache from the passerby
Away.
A bit of a question—"Please let me help?"—
And Fred
Saw a smile, while there scudded away a
frown
From Ned.
A bit of a lift, so kindly done
By Phil.
And the work was through, with an hour
of fun
For Will
A bit of advice—"I wouldn't, Jack!"—
That's all
"I won't!" came the cheery answer back
To Paul.

Game of Elements.

In the game of earth, air, fire and
water the party sits in a circle. One
throws a handkerchief at another and
calls out "Air!" The person whom the
handkerchief hits must call eagle, vulture,
lark, sea mew, partridge, wood-
cock, snipe or some other bird belong-
ing to the air before the caller can
count ten, which he does in a loud
voice and as fast as possible. If a
creature which does not live in the air
is named or if the person fails to speak
quick enough a forfeit must be paid.
The person who catches the handker-
chief throws it to another in turn and
calls out "Earth!" The person who is
hit must call out elephant, horse, dog,
cat, mouse, guinea pig, ox or any other
creature which lives upon the earth
in the same space of time as allowed
before.
Then throw the handkerchief to an-
other and call out "Water!" The one
who catches the handkerchief observes
the same rules as the preceding and
is liable to the same forfeits unless
he calls out immediately trout, mack-
erel, herring, sole or the name of some
fish that lives in the water. Any one
who mentions a bird, beast or fish
twice is likewise liable to a forfeit. If
any player calls "Fire!" every one
must keep silence, because no cre-
ature lives in that element.

Brotherly Love.

He and Chi were two young princes
in an ancient kingdom of China called
the Lone Bamboo kingdom. For in old
times China, like Britain, was split
up into a number of little kingdoms,
which often went to war with one an-
other.

When the king was about to die, in-
stead of commanding that his eldest
son, He, should become king he said
that Chi, his third and favorite son,
should rule. Afterward, however, Chi
would not consent to be king, for he
said that would be putting himself
above his elder brother, whom he loved
and urged to take the crown. But He
replied, "Did not our father command
that you were to be king?" And in or-
der to put an end to the discussion he
ran away from home. Thus, says the
historian, He disobeyed not his father,
while Chi kept true the relationship
that should exist between brothers.
Both felt that brotherly love was great-
er than a throne. The two princes,
runs the story, met on the great Sun
mountain and lived together in hiding
until their death.

An Ancient Doll.

If you ever go to Independence hall
in Philadelphia ask to see the quaint
little doll that is carefully preserved
there. She came over from Paris
dressed in the fashion of Louis XVI,
long before these United States were
in existence. She came to bring into
William Penn's woodland a flavor of
the old world that was much sought
after in those days. She served two
purposes—first, she was a fashion plate
from which the ladies of those days
eagerly made their dresses; second,
when she had served her purpose in
this way she was given to the children
to play with. Think how well made
she was and how carefully she has
been preserved to outlast the wear and
tear of the centuries! She may well
be called the "oldest inhabitant" of
Philadelphia.

Riddles.

Mr. Jones met three tramps this
morning. To the first he gave 5 cents,
to the second 10 cents and to the third
10 cents. What time was it? Do you
all give up? It is easy enough to see
that it was a quarter to three.
In the days when Dan Rice was at
the height of his fame as a horseback
rider he rode half a score of careering
horses at once. What time was it
then? Going on tens, of course.

Tongue Twisters.

The trick is to repeat these sen-
tences as rapidly as possible and say
them distinctly at the same time:
When a twister a twisting would twist
him a twist.
To twist him a twist, he three twists doth
entwist.
But when one of the twists that he twisted
un-twists
Then the twists that untwisted untwisteth
the twist.

Pointer's Buff.

A circle is formed, one standing
blindfolded in the center, with a cane.
The others walk around, and when
they stop he points to one and asks
a question. He guesses who it is by
the voice, which may be disguised, or
he may imitate an animal, which the
person touched must echo.

bruised. There escape from serious
injury is almost a miracle.
